

Welding Driver WD-101-U

Unlined welding driver with EmberTuff™ cowhide, reinforced palm and Kevlar® stitched seams

- **Quick on, quick off:** slip-on driver cuff for spot welding, tacking and handling metal.
- **EmberTuff™ leather:** heat resistance built into the hide during tanning.
- **Reinforced palm:** extra grain cowhide where it counts.

KEY FEATURES:

- EmberTuff™ cowhide shell
- Reinforced grain cowhide palm
- Kevlar® stitched seams
- Unlined for dexterity
- Slip-on driver cuff

Exterior not logoed (BOLD label inside). Same construction and materials as the branded model.
